About the Society

The K.L.E. Society was established by selfless and dedicated services of seven teachers revered as the 'Saptarshis'. They had the vision and foresight for the up-liftment of the downtrodden and the illiterate. Their efforts were further nourished and nurtured by the founder members. The sacred sacrifices, selfless efforts and perennial zeal of these committed visionaries and many others resulted in the genesis of the K.L.E Society in the year 1916. Now, the K.L.E Society has **270 plus** Institutions under its fold. It is running educational institutions right from Kinder Garden to Post-Graduation in Arts, Commerce, Science, Management, Agriculture, Technical and Medical fields. K.L.E Society has achieved horizontal and vertical growth under the dynamic Chairmanship of Dr. Prabhakar Kore who has put the K.L.E.Society on the global map. With changing global scenario K.L.E.Society has well-equipped itself to meet any challenges in the field of education.

About Our College

Our College belongs to an illustrious string of educational institutions of proven track record established and delicately nurtured by the globally accredited K.L.E society. The institution, most appropriately named after the great benevolent donor Shrimant V. S. Bellubbi Anna of Saundatti has left its indelible foot prints on the academic history of the rural areas of this sleeping town and the countryside that lies in its vicinity. The institution can certainly boast of excellent basic infrastructure, learning resources with full fledged computerized library and state-of-art computer lab, highly experienced and qualified faculty and stakeholder-friendly support staff, to effectively fulfill the aspirations of its students and their expectant parents. Our Management is always maintaining in the wings to rush to our support in all respects to further enhance the quality of our academic services. Presently, our college is accredited at "B⁺⁺" level by NAAC. We have adequate number of eligible full-time regular teaching and support staff.

About the Workshop

Human Rights, especially after the Universal Declaration of Human Rights, have come to occupy a pivotal place in international and national policy considerations. However, despite the increased focus on Human Rights, the reality of the day is "Too much emphasis – Too many violations". Though there is stringent enforcement of laws, collective efforts by the governments, the active participation of media and the Human Rights agencies, the Human Rights scenario world over is posed with various challenges because for a larger section of the society, Human Rights are still an abstract concept. In this backdrop, the importance of Human Rights Education acquires increased importance; it assumes potential significance in transforming Human Rights issues into reality. This Seminar is an Endeavour to spread awareness regarding the multi-faceted concept of International Human Rights laws among the youth, academia and even the common masses, as well as to contribute to the global discourse on the way forward for International Human Rights laws.
